Maths	Measure the area and perimeter of each room in your house. Create a scaled plan from a bird's eye view using measured objects.	<p>Congratulations! You have won \$50,000,000. The only condition is that you only have <u>TODAY</u> to spend it all and you must spend every single dollar (and not go over) so you need to spend exactly \$50,000,000.</p> <p>You need to provide evidence of what you've brought and how much it costs. You can only buy one of each thing e.g ONE gaming platform, ONE game for it. You can buy 1 house for yourself but you may buy one for your parents. Take screenshots and then add them to a doc to show how much you have spent!</p> <p>Good luck!!!!</p>	<p>ANI is having a party! Find a recipe for a dish you want to cook and share with others.
